

Jocelyn Jones, RN, RN-BC

9632 Home Haven Rd.
Phone: 444-444-4444
Email: email@email.com

Compassionate and dedicated home health nurse with 10 years of clinical experience, including 3 in home health. Seeking an opportunity to support patients and their families in their homes alongside a skilled team.

Experience

Home Health Nurse

Healthy Home Agency

April 20XX–present

- Conducting comprehensive patient assessments and developing individualized care plans for diverse patient populations.
- Providing skilled nursing care, including wound care, medication management, IV therapy, and disease management education.
- Collaborating with interdisciplinary teams to coordinate patient care and ensure continuity of services.
- Documenting patient progress, interventions, and outcomes in compliance with regulatory standards.
- Supervising a team of 2 LPNs, with a total weekly caseload of 30 patients.

RN I, Telemetry

Medical Plaza Hospital

January 20XX–August 20XX

- Monitored cardiac rhythms and vital signs, identifying and responding to changes in patient condition.
- Administered medications, IV fluids, and treatments as prescribed by physicians.
- Assessed patient status and communicated findings to healthcare team members.
- Contributed to central line quality improvement initiatives, leading to a 17% unit-wide decrease in CLABSI.

RN I - 2C Med-Surg

Medical Plaza Hospital

April 20XX–December 20XX

- Provided comprehensive nursing care to adult patients with diverse medical conditions.
- Managed post-operative care, including pain management, wound care, and patient education.
- Supported patients and families in coping with illness and treatment plans.
- Ensured compliance with hospital policies, procedures, and regulatory requirements.
