

Cory Healwell, RN, PCCN

9876 Prog Plaza
Phone: 543-789-1234
Email: chealwell@email.com

Highly experienced PCU nurse with a proven ability to monitor and manage patients with complex medical conditions. Seeking a new opportunity to work with a skilled team bringing quality care to patients in a step-down setting.

Experience

RN III — 7CD Progressive Care

Sunrise Hospital

March 20XX–present

- Providing comprehensive care to 2–3 patients per shift in a high-acuity PCU setting, managing post-surgical recovery, cardiac conditions, and respiratory support.
- Monitoring and interpreting cardiac rhythms and implementing appropriate interventions based on assessments.
- Collaborating with interdisciplinary teams to develop and implement patient care plans, ensuring continuity of care and optimal outcomes.
- Serving as unit charge nurse, preceptor for new graduates and nursing students, and head of quality improvement team.

RN II — 2B Progressive/Telemetry

Riverfront Hospital

March 2012–February 2016

- Managed a diverse patient population in a progressive care environment, specializing in cardiac telemetry and post-procedural care.
- Administered medications, titrated IV drips, and performed complex wound care procedures.
- Utilized critical thinking and advanced assessment skills to detect and respond to changes in patient conditions promptly.
- Received consistently high patient satisfaction scores (averaging 95%) based on feedback surveys.

RN I - 6CD Cardiac Telemetry

Riverfront Hospital

April 2008–February 2012

- Monitored patients' cardiac rhythms and vital signs in a busy telemetry unit, caring for 4–5 patients per shift.
- Provided direct patient care and collaborated with physicians to optimize treatment plans.

- Assisted with code blue responses, demonstrating proficiency in life-saving interventions.
- Precepted new staff members and nursing students, fostering a culture of continuous learning.

RN I — 4A Med Surg

Hilltop General Hospital

May 2005–April 2008

- Gained foundational nursing experience in a medical-surgical unit, caring for diverse patient populations.
- Developed strong organizational and prioritization skills in a fast-paced hospital environment.

Certifications & Memberships

Basic Life Support (BLS: License #654332)
