

# Clinical Pharmacist

Ready to take the next step in your healthcare career? At [*Facility Name*], we're looking to hire a clinical pharmacist to join our medical intensive care team in our downtown Los Angeles acute-care hospital.

As a Level I trauma center, our facility cares for the most critical patients in the region. We pride ourselves on our ability to provide compassionate care to the individuals we serve and strive to improve health outcomes and community wellness every day.

Qualified clinical pharmacists must have a bachelor's degree in pharmaceutical studies or a doctorate degree in pharmacy and more than two years of experience working in a similar acute care facility. If you meet these required qualifications, continue reading as we outline our generous benefits package, salary details, and scheduling options.

## Benefits

- Competitive pay
- Health, dental, and vision benefits
- 401(k) matching and access to our pension program
- FSA/HSA options
- Paid vacation/holiday/family leave
- Free continuing education (CE) courses
- Subsidized public transportation
- Annual scrub and footwear stipend

## Duties and Responsibilities

Clinical pharmacists at our facility are expected to perform the following duties:

- Work with the [multidisciplinary team](#) to assess a patient's health status and develop goals of care
- Evaluate the appropriateness and effectiveness of a patient's prescribed medication regimen
- Perform medication reconciliation and document findings in the electronic health record ([EHR](#))
- Provide patient education on how to monitor for side effects and appropriate medication administration techniques
- Track the progression of a patient's medical condition, pain level, and side effects, and adjust the medication regimen to meet their unique health goals

## Compensation and Schedule

- Starting salary at [\\$120,000](#), with adjustments made for relevant education and experience level
- Full time employment at 36 hours a week
- Day or night shift positions available for 12-hour shifts (7a-7p or 7p-7a)
- Overtime, night shift, and holiday pay available
- Bi-weekly or weekly pay periods

## Clinical Pharmacist Qualifications and Skills

### Required Qualifications:

- Graduate from an ACPE college of pharmacy (PharmD candidates favored)
- Completion of ASHP accredited PGY-1 Pharmacy Residency (PGY-2 preferred)
- Strong critical thinking and interpersonal communication skills
- Working knowledge of EHR technology

### Preferred Qualifications:

- At least 5 years of acute care clinical pharmaceutical experience
- BLS, ACLS, and PALS certified
- Previous clinical leadership experience
- Bilingual in English and Spanish
