

Nurse Practitioner Job Description Template

Our facility is looking for a nurse practitioner to join our primary care clinic located in the heart of downtown. As a quality award winner, we pride ourselves on delivering accessible and inclusive services to our community. At our clinic, you'll have the opportunity to work alongside an expert team of providers while exercising your own autonomy to deliver comprehensive care. We also offer a competitive benefits package that allows our providers to thrive both inside and outside the workplace.

Benefits

- 401k matching
- Health, dental, and vision insurance
- Generous PTO and paid holidays
- Employee assistance program (EAP)
- Tuition reimbursement program

NP Duties and Responsibilities

- Work collaboratively with our team of healthcare professionals to assess, diagnose, and prescribe appropriate treatments within the scope of practice for APRNs
- Deliver patient- and family-centered care while providing comprehensive health education, counseling, and preventive services
- Maintain accurate medical records using our electronic health record systems
- Actively participate in quality improvement initiatives that help improve patient outcomes
- Stay current on evidence-based practice through continuous professional development, attending conferences and educational workshops

Compensation and Shifts

- \$110,000 - \$130,000 per year
- Full-time, Mon-Fri (clinic hours 9am-5pm)

Qualifications and Skills

- Master's or Doctorate of Nursing Practice from an accredited APRN program required
- Current license as a Professional Registered Nurse and Advanced Practice Registered Nurse
- ACLS/BLS certification required
- At least 1 year of NP experience preferred
