

# Psychiatric Nurse Practitioner

[Facility name] is looking for an experienced nurse practitioner to join the inpatient psychiatry department at our conveniently located, downtown campus. Nationally ranked for a range of adult and pediatric mental health services, our expert caregivers deliver high quality care. Working under a collaborative agreement with our lead psychiatrist, you'll have the opportunity to optimize behavioral health care for patients of all ages. We also offer a generous benefits package designed to help you thrive both inside and outside of work.

## Benefits

- 401k matching
- Health, dental, and vision insurance
- Generous PTO
- Employee assistance program (EAP)
- Funding to attend mental health conferences
- Recognition for community mental health outreach

## Duties and Responsibilities

- Conduct assessments and evaluations to diagnose mental health conditions
- Implement and monitor the effectiveness of prescribed medications and treatments
- Collaborate with head psychiatrist and other members of the team to develop care plans
- Offer therapeutic support, psychoeducation, and crisis intervention when appropriate
- Provide consultation services to new patients or families seeking services
- Actively participate in community outreach to promote mental health awareness
- Document and maintain accurate patient records, adhering to all HIPAA guidelines

## Compensation and Schedule

- Starting salary of \$160,000 with adjustments based on education and experience
- Full-time, Mon-Fri (weekend and holiday coverage rotated with other professionals)
- Location: *[insert city, state]*

## Skills and Qualifications

- Graduate from an accredited psychiatric nurse practitioner program
- Nurse practitioner license in *[insert state]*; PMHNP required
- Controlled substance/DEA certification required
- 2+ years working in a mental health setting required
- 1+ year working within an inpatient psychiatric hospital preferred
