

Cath Lab Nurse

Ready to take your nursing career to the next level? Here at *[facility name]* we're looking to hire an experienced RN to treat patients in our cardiac cath lab. Qualified candidates will have a BSN degree and over three years of experience working in a cath lab, operating room, or interventional radiology setting.

Our team prides itself on treating every patient with compassion, dignity, and respect. We've been named Ohio's "Top Hospital for Cardiac Care" for the last five years and can't wait to welcome a new member to our nursing team. If this sounds like a position you'd be interested in, continue reading as we outline our cath lab nurse salary, benefits, and scheduling options.

Benefits

- Competitive pay
- FSA/HSA options
- 401(k) matching and access to our company's pension program
- Low-cost healthcare, dental, and vision insurance
- Generous paid vacation/holiday/family leave
- Free continuing education (CE) courses
- Tuition reimbursement of up to \$8,000 per year

Duties and Responsibilities

Cath lab nurses at our organization are expected to perform the following duties:

- Review each patient's medical history, taking note of any drug or contrast dye allergies
- Verify that surgical consents have been signed
- Collect vital signs and monitor for any adverse effects during catheter procedures
- Place and maintain the patency of peripheral IVs
- Maintain sterile technique and infection control practices
- Operate and perform routine quality checks on catheter lab equipment
- Administer medications before, during, and after the procedure
- Respond to emergencies and procedural complications
- Document assessments, nursing interventions, and patient outcomes within the electronic health record (EHR) system
- Perform post-procedural monitoring, including site assessments and sheath removals
- Provide discharge teaching to patients and their family members

Compensation and Schedule

- Starting salary of \$95,000, with adjustments made for relevant education and experience
- Full-time employment, working Monday through Friday for 8-hour shifts (8a-4p)
- 1 weekend (Saturday/Sunday 8a-4p) and 2 on-call shifts (4p-8a) required per month
- Overtime, holiday, and incentive pay available
- Bi-weekly or weekly pay periods

Qualifications and Skills

Required Qualifications:

- Active and unencumbered RN license
- BSN required, MSN preferred
- BLS, ACLS, and PALS certified
- At least 3 years of experience working in an operating room, interventional radiology, or cath lab setting
- Passing score on our organization's cath lab nurse course prior to first shift

Preferred Qualifications:

- 5+ years experience as a cath lab nurse
- Previous leadership involvement (charge nurse, team captain, code leader)
- Cardiac Vascular Nursing Certification (CV-BC)
- Bilingual in English and Spanish
