

# Surgical Nurse

At [facility name], we are looking for an experienced, highly skilled surgical nurse to deliver safe, effective, and high-quality patient-family centered care within our 8-bed operating room. Well-suited candidates will have at least two years of clinical experience alongside strong organizational, collaborative, and communication skills.

As recipients of multiple national safety awards, we're known throughout the community for our commitment to patient wellbeing. We're also proud of being ranked among the local area's top employers, with consistently high workplace satisfaction scores that reflect our team-oriented culture. If you're interested in making beneficial impacts on patient and family lives everyday at our state-of-the-art facility, then continue reading about this career-growing opportunity and consider applying with us today.

## Benefits

- Health coverage for you and qualifying family members
- Vision, dental, and disability insurance options
- HSA/FSA
- 401K with employer match
- Paid vacation and sick leave
- Tuition reimbursement program
- Financial assistance for qualifying profession certification programs

## Duties and Responsibilities

- Provide expert intraoperative second assistance to physician and care team
- Float to pre- and postoperative care settings as needed
- Monitor patient status continuously throughout the anesthesia and operational event
- Document and ensure accuracy of patient assessments, interventions, and outcomes in the electronic health record (EHR)
- Assess, maintain, and ensure patient safety throughout their surgical experience
- Communicate changes in patient condition, concerns, or complications to multidisciplinary care team (and to the patient dentist, if applicable)
- Maintain individualized patient and family centered care throughout their care journey
- Update patients and families in accordance with the established surgical care plan

## Compensation and Schedule

- \$37-\$42 per hour depending on experience level
- Full time (40 hours FTE)
- 10 hour day shifts, Monday - Friday (4 shifts per week with variable days)
- On site: [*facility address*]

## Qualifications and Skills

- BSN degree required
- Active, unencumbered state-issued RN license
- Minimum 2 years clinical experience, surgical experience preferred
- Proficient computer and EHR documentation skills, EPIC experience preferred
- Current CPR and BLS certification
- ACLS, and PALS certifications preferred (required within 3 months of hire)
- CNAMB certification preferred
- Must be able to meet the physical demands of the job including prolonged standing; lifting, pushing, or pulling up to 50 lbs; reaching for and manipulating handheld equipment; and assisting with patient positioning, transfers, and mobility
