lstewart@emailaddress.com / (555) 555-5555

Compassionate and dependable Licensed Practical Nurse with 3 years of experience providing high-quality geriatric and rehabilitative care. Experienced in managing complex chronic conditions, post-operative recovery, and family education. Seeking a full-time LPN role; available for day and evening shifts.

Professional Experience

Manor Home, Philadelphia, PA

Licensed Practical Nurse, 20XX to present, full time

- Provide daily nursing care for up to 30 elderly patients with chronic and terminal illnesses, as well as post-surgical recovery needs, under RN supervision.
- Implement rehabilitation and individualized treatment plans to support recovery, comfort, and quality of life while reducing complications.
- Perform comprehensive patient assessments, monitor vital signs, and document changes in condition in accordance with facility and regulatory standards.
- Administer wound care, tracheostomy and ventilator care, G-tube feedings, IV therapy, respiratory treatments, glucose and blood pressure monitoring, and medication administration under supervision.
- Educate patients and families on disease processes, treatment plans, and safe care techniques to support continuity of care.
- Assist patients with activities of daily living while promoting dignity, mobility, and independence.

Gina's Adult Daycare, Lancaster, PA

Licensed Practical Nurse, 20XX–20XX, full time

- Monitored vital signs and overall health status for approximately 20 elderly clients in an adult day care setting.
- Identified and communicated changes in patient condition to families and on-call physicians.
- Supported clients' participation in daily programs and activities to promote engagement and cognitive stimulation.
- Provided memory support and reality orientation for clients with cognitive impairment or dementia.
- Assessed fall risk and implemented safety measures to reduce injury.
